DEDICATION

We, The Senior Class of 1981,
Proudly and Respectfully dedicate our
yearbook to our friend.

Sometimes in our busy life here at school we overlook the fact that many of our activities and many of our good times occur after school in the dormitories and athletic programs and in the evening activities. These experiences and good time happen when we have an administrator, who is always looking for better opportunities for the students. We, the class of 1981, are dedicating this yearbook to Mr. Edward Harris, who has been a person who has helped us and who has done so much to improve our programs and opportunities.

Mr. Harris has worked with the dormitory program since 1965. In 1974 he was appointed to the position of Director of Residential Services, and is responsible for all the dormitory programs, the athletic programs and the weekend transportation.

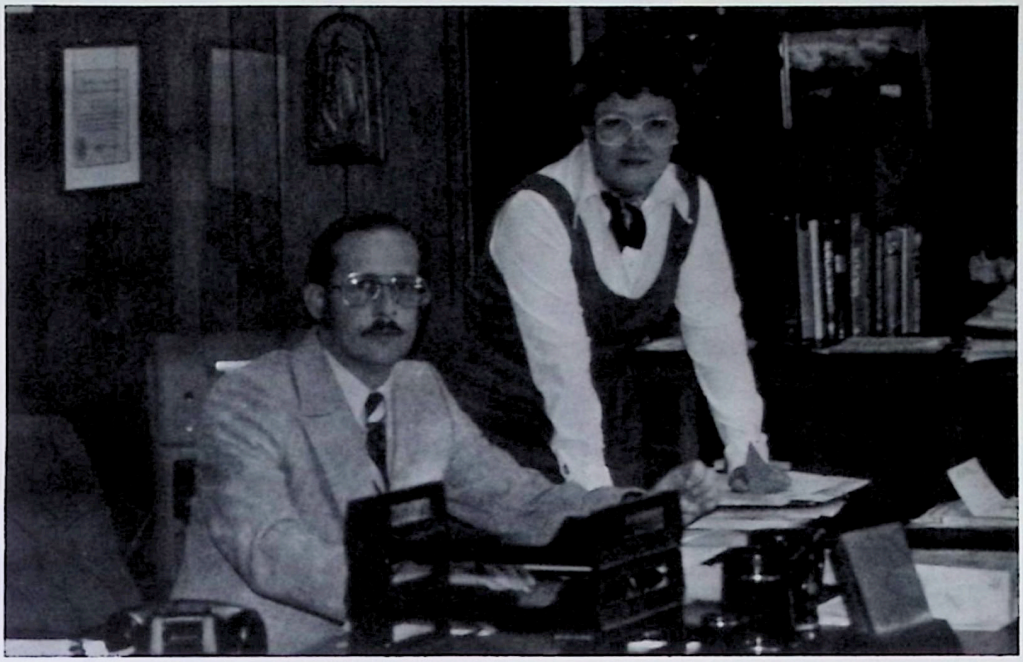
As we have gone through our high school days, we have seen many new programs and many new staff. We have seen many improvements in the dormitories and in the clubs and activities we have.

The class of 1981 takes this opportunity to thank Mr. Harris for all the time and effort he has given us and for helping to improve our lives. We know that he is often the person responsible for discipline, but he is always fair with us.

Thank you, Mr. Harris for all the time and effort he has given us and for helping to improve our lives. We know that he is often the person responsible for discipline, but he is always fair with us.

Thank you, Mr. Harris for making our school lives better and for the support you have given us during these important years.

SUPERINTENDENT



Mr. Philip Cronlund and Mrs. Jean Riley, Secretary

A Message From Supt.

Dear Graduating Class of 1981,

The staff and faculty of your school joins me in congratulating you on your graduation from this school. Many of you have been with us since you were in the Nursery School and others joined this class in Middle School and High School.

As you complete your educational program here, it is our hope that you will always continue to learn. For those who will go to college, we wish you success. You have been good students here and we know you will do well in college. For those who are entering the world of work, we know that you will continue to learn also. You have the skills to do well and if you continue to learn on the job and in the community, there will be many new and wonderful opportunities for you.

This Yearbook is a permanent record of your experiences here at your school. We are pleased to add this to the history of our school.

Best wishes to you! Work hard, enjoy life and always give it your best. We know you can do that.

Sincerely,

Philip E. Cronlund

FAREWELL . . . .

Had this school not been established, You would not be what you are. You are talented, smart and successful.

You were fortunate to have education just cut out for you . . . Deaf individuals. Education from many sources . . . Schoolworks, Sports, Good times, Bad times, Several experiences, Friends, Club activities, School days, Life in the residences, Loved ones, Education . . . a pot of gold!

Worth more than money . . . you would do good to appreciate it. Use your knowledge in your future lives, College, Jobs, Married lives, Family lives, Retirements.

Everytime . . . everywhere. Help other less fortunate than you . . . They'll benefit from your guidance. Use your lives to pave paths for less fortunate ones . . . light up their lives. Since you are on your own, look back often to MKSD . . . . . with gratitude . . . be proud of what you are!
